2. Introduction

White Spire School believes the safeguarding and protection of pupils, staff, Governors and visitors are paramount and that all members of the school community can achieve to their maximum potential. Bullying of any sort prevents this being able to happen and prevents equality of opportunity. It is everyone's responsibility to prevent this happening, and this policy contains guidelines to support this ethos.

Where bullying exists, the victims must feel confident to activate the anti-bullying and behavioural systems within the school to end the bullying. The school expect all members of its community to report any such issues or suspicions. It is our aim to challenge attitudes about bullying behaviour, increase understanding for bullied pupils and help build an anti-bullying ethos in the school.

This document outlines how we make this possible at White Spire School.

This Anti-Bullying Policy works with, and alongside, our Behaviour for Learning, Disciplinary, SRE, Drugs and Misuse of Substances, Child Protection, Sexual Violence and Harassment Policy, PSHCE, Mental Health and Well Being Policy, Online Safety, Equality and Diversity Policy and KCSIE 2023.

The school works hard to ensure that all pupils know the difference between bullying and simply "falling out". Serious bullying is defined as any incident that meets the threshold for internal or fixed term suspension.

3. Definitions of Bullying

Bullying is deliberately hurtful behaviour that is repeated over a period of time, that intentionally hurts another individual or group either physically or emotionally, making it difficult for the people concerned to defend themselves. This can take the form of name-calling, violence, threatened violence, isolation, ridicule or indirect action such as spreading unpleasant stories about someone.

4. Aims

- To work towards the elimination of bullying at White Spire School
- To enhance the Behaviour Policy which confirms the school expectations;
- To enable students, staff, parents and governors to understand what constitutes bullying and their specific responsibilities;
- To ensure that there are strategies to minimise the risk of child-on-child abuse and procedures;
- To enable parents to feel confident that bullying will be firmly dealt with by the school;
- To inform all members of the school community that bullying behaviour will not be tolerated.

5. Types of bullying

- **Physical:** Deliberately hurting particular person on a regular basis
- **Verbal:** Deliberately hurting feelings through name-calling
- **Non-verbal abuse:** hand signs or text messages
- **Emotional abuse:** threatening, intimidating or humiliating someone
- **Social bullying:** Making someone feel left out and different by deliberately setting out to exclude them, often spread rumours and manipulate the situation.
- **Cyberbullying:** using the Internet, a smartphone, or other technology to harass, threaten, embarrass, or target another person

The following types of bullying: may break the law and may be reported to the police by the school:

- Violence or assault;
- Theft;
- Repeated harassment or intimidation, e.g. name calling, threats and abusive phone calls, emails or text messages, sexual harassment and peer on peer abuse;
- Hate crimes - any incident which the victim, or anyone else, thinks is being prejudice towards them because of their race, religion, sexual orientation, disability or because they are transgender.

6. Actions NOT considered to be bullying

- Not liking someone
- Accidentally bumping into someone
- Making other kids play things a certain way
- A single act of telling a joke about someone
- Arguments
- Isolated acts of harassment, aggressive behaviour, intimidation, or meanness

7. Reasons for bullying

Some reasons why children might bully someone include:

- They think it's fun, or that it makes them popular or cool
- They feel more powerful or important, or they want to get their own way all the time
- They feel insecure or lack confidence or are trying to fit in with a group

- They are fearful of other children's differences
- They are jealous of another child
- They are unhappy
- They are copying what they have seen others do before, or what has been done to them.

8. The effects of bullying

All forms of bullying cause psychological, emotional and physical stress. Each person's response to being bullied is unique, however some signs that may point to a bullying problem are:

- depression and anxiety
- increased feelings of sadness, helplessness, decreased self-esteem and loneliness
- loss of interest in activities they used to enjoy
- unexplainable injuries
- lost or destroyed clothing, books, electronics, or jewellery
- frequent headaches or stomach aches, feeling sick or faking illness
- Changes in eating habits, like suddenly skipping meals or binge eating. Children may come home from school hungry because they did not eat lunch
- difficulty sleeping or frequent nightmares
- loss of interest in schoolwork, or not wanting to go to school
- sudden loss of friends or avoidance of social situations
- Self-destructive behaviours such as running away from home, harming themselves, or talking about suicide.

9. Actions to Tackle Bullying

Prevention is better than cure so we will be vigilant for signs of bullying and always take reports of incidents seriously. We will use the curriculum, school assemblies and form time whenever possible to reinforce the ethos of the school and help pupils to develop strategies to combat bullying-type behaviour.

Pupils are told that they must report any incidence of bullying that occur in or outside of school to an adult within school, and that when another pupil tells them that they are being bullied or if they see bullying taking place it is their responsibility to report their knowledge to a member of staff.

All reported incidents of bullying will be investigated and taken seriously by staff members. A record will be kept of incidents. The member of staff who witnessed the incident will be

responsible for logging the incident and the action completed. In order to ensure effective monitoring of such occurrences, and to facilitate co-ordinated action, all proven incidences of bullying should be reported to the Senior Leadership Team. If bullying includes prejudice based incidences, then it should be recorded and reported to the Senior Leadership Team. If bullying is occurring outside of the school, The Senior Leadership Team will also consider whether it is appropriate to notify the police in set cases.

If an adult is being bullied, it is important for them to report this to a member of The Senior Leadership Team.

10. Procedures

The following steps must be taken when dealing with incidents of bullying:

1. If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached, or who suspects/observed the bullying.
2. The Senior Leadership Team must be informed immediately
3. A clear account of the incident will be recorded on C-POMS
4. A range of sanctions will be used as appropriate according to the incident. These may include warnings, restrictions of break and lunchtime activities, fixed term and in the event of persistent bullying, permanent exclusion. Where appropriate the Senior Leadership Team may inform the police (See behaviour policy).
5. Form teachers will be kept informed and asked to monitor the situation
6. Victims will be given strategies to overcome this problem, e.g. to go to the teacher with a piece of work, using this as a reason to speak to the teacher. Victims need to feel secure in the knowledge that assertive behaviour and even walking away can be effective ways of dealing with bullying.
7. Key pupil centred intervention where bullying has had a severe impact will take place.

11. Parental Involvement

The parents of bullies and their victims will be informed of an incident and the action that has taken place and asked to support strategies proposed to tackle the problem. The bully will also be reminded of the possible consequences of bullying and the sanctions for repeated incidents will be clearly explained to him/her.

If an adult is being bullied, it is important for them to report this to a member of The Senior Leadership Team which will be investigated and taken seriously.

Whilst there is little history of bullying at White Spire, we believe that one case is one case too many and we believe it is essential to constantly review this policy to ensure we are in a position to strengthen our approach to this issue.
